MEMORANDUM FOR: Deputy Director (Intelligence)

SUBJECT: Regularly Scheduled Teletype Conferences

1. In the course of a study of the work-load imposed on the communications facilities at Headquarters and the major overseas stations, the weekly radio teletype conferences required by the Office of Scientific Intelligence and the Office of Current Intelligence have been considered. It is my opinion that the current value of these regular conferences is not sufficient to warrant the expenditure of extremely valuable radio circuit time in addition to the drain on the already over-loaded Signal Center personnel in Washington [redacted]. I propose therefore, that effective 1 April, the regularly scheduled teleconferences be discontinued and that this type of facility be utilized only on an individual case basis when circumstances warrant.

2. I would appreciate receiving your concurrence or comments on this subject. A similar letter has been addressed to the Deputy Director (Plans).
